

BORDO™ 6500A/110 black SH SmartX

KEYLESS IS MORE

Enjoy the advantages of the innovative, hands-free SmartX cylinder and turn your iOS or Android smartphone into your individual key.

Combined with the 100 dB alarm, this lock offers the highest level of security for high-quality e-bikes and cargo bikes. If you want it less smart but still comfortable, you can also control the BORDO 6500A SmartX with the remote control (RC version) supplied.

Technologies

- 5.5 mm bars with extra-soft two-component casing to prevent damage to paintwork
- SmartX™ locking system with Bluetooth – high-quality, keyless locking offers user-friendly operation
- Alarm function with at least 100 dB for 15 seconds followed by automatic reactivation
- 3D Position Detection – detects vibrations and the smallest movement in all three dimensions and triggers the alarm
- Smart alarm – the lock only emits a small warning beep in the event of minor and brief vibrations, e.g. if a football bounces against the bike
- USB-C port
- App connection
- Location storage of the bike's last parking location
- LED light shows battery- and charging-status
- Also available with remote control (RC version)
- Incl. bracket (SH)
